g. The objective of Value STP is to achieve the Total Target Market Value in the Target Scheme by transferring an amount from the Source Scheme at regular intervals in such a way so as to increase the Target Market Value of units in the Target Scheme systematically by a fixed amount (i.e. the first instalment amount specified by the Unitholder) on the date of each transfer till the tenure of the Value STP. The amount to be transferred under Value STP from Source Scheme to Target Scheme shall be calculated as follows:

- The first Value STP instalment will be processed for the first instalment amount specified by the Unitholder at the time of enrolment.
- From the second Value STP instalment onwards, the transfer amount may be higher/lower than the first instalment amount, as derived by the formula stated below: (First instalment amount X Number of instalments including the current instalment) - Market Value of the investments through Value STP in the Target Scheme on the date of transfer.

j. The total amount invested through Value STP over its tenure in the Target Scheme, may be higher or lower than the Total Target Market Value of the investment (i.e. the first instalment amount X total number of instalments specified by the Unitholder). This may be on account of fluctuations in the Market Value of the Target Scheme.

k. The redemption/ switch-out of units allotted in the Target Scheme shall be processed on First In First Out (FIFO) basis.

l. In case there is a redemption/ switch-out of any units allotted under Value STP in the Target Scheme by the Unit holder, the balance instalments under Value STP will be processed as a regular STP for the remaining instalments by investing the amount indicated as first instalment amount, on the date of each transfer over the balance tenure of the Value STP, subject to availability of unit balance in the Source Scheme.

m. In case of lesser-than-required balance in the source scheme, the available balance will be transferred to Target scheme under Value STP and subsequently the Value STP will cease to be active. Value STP will be automatically terminated if all units are liquidated or withdrawn from the Source Scheme or pledged or upon receipt of intimation of death of the unit holder.

n. Unit holders will have the right to discontinue the Value STP facility at any time by sending a written request to the OPAT. On receipt of such request, the Value STP facility will be terminated within 15 days.
